

All Tech Electronics announces the addition of Vanguard Electronics to their line card of products.

All Tech Electronics, Inc. has signed a franchised distribution agreement with Vanguard Electronics, an acknowledged leader in space level magnetics, power transformer and power inductor manufacturer. The agreement will enable All Tech to bring Vanguard Electronics, ISO9001:2008 /AS9100/DSCC certified line of products to the space, military and aerospace markets.

Customers have depended on Vanguard Electronics to support their power and space level magnetics requirements for over half a century. Today, Vanguard proudly serves many industry leaders. In addition to their standard space and military level inductors and transformers, Vanguard manufacturers custom products including power chokes, common mode chokes, chip inductors, RF magnetics, RF inductors, toroidal inductors, high temperature inductors, high temperature magnetics, high temperature transformers and much more.

We look forward to a great opportunity to expand our product capabilities and further establish Vanguard in the markets we serve.

All Tech Electronics is a certified minority owned and operated military component specialist and is certified by the U.S. Small Business Administration (SBA) and the National Minority Business Council (NMBC).
